

# Breast Cancer and the Environment Research Program BCERP 13th Annual Meeting

## Understanding the Link Between the Environment and Breast Cancer

A transdisciplinary breast cancer prevention conference for the community, breast cancer advocates, epidemiologists, clinicians, communications researchers and basic scientists.

Engage with other conference attendees and discuss ways to reduce breast cancer risk through exciting presentations. This meeting is open to everyone at no cost.

## November 8-9, 2018

Georgetown University Hotel & Conference Center  
3800 Reservoir Rd NW, Washington, DC 20057

## Call for Abstracts

For abstracts considered for a poster presentation, submissions are due by **Friday, August 31**.

<https://abstract.bcerp.org/form.php>

**Keynote Speaker:** Deborah M. Winn, PhD, Deputy Director, Division of Cancer Control and Population Sciences (DCCPS), *National Cancer Institute*
